

Marwa Ibrahim Maher

Junior Software Engineer

Tel: Egypt- (+2) 01023771916 E-Mail:marwaeb2014@gmail.com

Career objective

I'm a computer science graduate, I have a great ambition to gain knowledge in various aspects of computer science and business management. Currently I'm looking for a position to apply my computer science skills and to gain a hands-on experience with large scale projects with creative and productive team that aims to meet the company's and customer's requirements.
